"I am delighted to express my gratitude to you for organizing this year's Summer School in Poznan.

The experience that I have gained during my stay at Dębina Palace and also during the guided tours is one of the best I've ever had. No doubt, the very idea of sharing and strengthening international connections is great. I'm sure that I have got a lot of valuable information both from the AMU professors who came to visit at Dębina and from the people in my group that I came with; we have all become friends thanks to your wise event planning.

For me, personally, the staff of Dębina Palace and the educators from AmU were the spotlight of the time I spent in Poznan. I'm glad to know that Ukraine has such kind, friendly and welcoming neighbours and partners.

I'm looking forward to another Summer School at Dębina next year."

~Valeriia Portna, Alfred Nobel University, Dnipro, Ukraine

"Thanks to the opportunity, I was able to replenish the resource box, because:

- ✓ travelling;
- ✓ communication;
- ✓ rest;
- ✓ studying;
- ✓ nature;
- ✓✓ emotional relief!

It was a pleasure to discuss various topics with participants from different parts of Ukraine and different universities. Listening and doing tasks with Polish teachers from Adam Mickiewicz University. Communicate and participate in training exercises with female and male students.

From this wonderful educational journey, I took a resource, developed communication and leadership skills, creativity, good mood, activity and much, much more!

So I sincerely thank the teachers of Adam Mickiewicz University for organising the summer school! It really was an incredible week full of positive, good communication, motivation, inspiration and a very pleasant atmosphere! Thank you!"

~ Rysiukova Alina, Donbass State Pedagogical University

The summer camp "Education Towards Community" became a great experience for me as a teacher who is constantly trying to absorb new knowledge as well as for a person who loves meeting new people and exploring their fresh ideas and different mindsets.

It is difficult to express all my gratitude to the people involved in preparing and implementing this incredible week but I want to give it a shot.

Firstly, a lot of thanks to all the teachers, students and administration staff of Adam Mickiewicz University who conducted brilliant interactive sessions. All of them were really useful, saturated and fun.

Secondly, my best wishes go to the Dębina Palace staff. I can't imagine a better place for recreation and getting motivation for fulfilling future plans. The building and area around it was stunning but without the workers, there wasn't that special lovely atmosphere.

Furthermore, just thanks to all the Polish people that I've met during this trip. Their support made me feel stronger and ensured that Ukraine wasn't lonely. The victory is soon!

I can't say a word about the drivers who helped us not to die during the journey. Their service was extra nice!

To conclude, I just want to add one phrase - this summer camp changed me and I strongly believe that in the future I will think about it only with pleasure.

~ Anna Shyshkova, Taras Shevchenko National University of Kyiv

The summer school "Education Towards Community" was an unforgettable educational and intercultural experience, which will result in close cooperation between Ukrainian universities and Adam Mickiewicz University, Poznań.
