POWR.03.05.00-00-Z303/18

“ Within the framework of academic mobility October 22-28, 2023 by the invitation of my Polish colleagues, I had the opportunity to represent Kherson State University by participating in the work of the International Summer School "Educational Management and Creating New Study Offer" based on Adam Mickiewicz University (Poznan, Poland), which took place within the framework of the project "UNIWERSYTET JUTRA II - POWR.03.05.00-00-Z303/18".

Current issues, related to the improvement of the quality of the educational process, the implementation of educational programs, and quality assurance of higher education were discussed together with the delegates from 28 universities - partners of Ukraine with Polish colleagues. All this is a key to the future development of Ukraine and an important step in establishing communication and implementing the exchange of experience with foreign partners.

During the visit, I got acquainted with the institutional accreditation procedure and discussed the issue of internal quality assurance of education with the vice-rector of educational and training work of the Adam Mickiewicz University, Yoanna Vujchik. Director Marek Sobchak introduced the features of the activity of the educational support centre to the participants of the International Summer School. Based on a comparative analysis of the higher education systems of Poland and Ukraine, Dr. Marcyn Dokovich outlined the potential barriers that appear in the process of implementing programs of double diplomas and considered ways to overcome them together with his colleagues,

There was an exchange of views on issues of educational management, specifics of implementation and accreditation of educational programs during round tables. Further Polish-Ukrainian cooperation in the implementation of joint proposals to expand the list of optional disciplines for applicants in the sphere of non-formal education (courses and training) was discussed with colleagues. There were lectures conducted by scientific and pedagogical staff of the partner university and joint international conferences were organized.

I express my sincere words of gratitude for the invitation, organization of the event, help and support of Ukraine from the Polish educational community in the person of the vice-rector for international cooperation of Adam Mickiewicz University, prof: Rafał Witkowski, representative of the international centre of Dr. Kostiantyn Mazur. Sincerely, Tetyana Kornisheva, Candidate of Art Studies, associate professor, and head of the educational and methodical department of Kherson State University (Ukraine).”

~ **Tetiana Kornisheva, Kherson State University**

“I am pleased to thank you for the opportunity to get to know the work of the Student Services Office. Sumy State University plans to introduce student evaluations of the dean's office staff to improve student service!”

~ **Olga Stogova, Sumy State University**

“Being a participant in AMU Summer School "Educational Management and Creating New Study Offer" (22-28.10.2023), I represented Odessa I.I. Mechnikov National University. Numerous meetings with representatives of UMA authority as well as with representatives of different faculties helped us first of all compare the management of Student / Faculty Service Offices in Poland with the Dean's Offices in Ukraine. We were allowed to discuss any questions connected with the educational processes in UMA. The meetings and the discussions were very informative and resultative.

Many thanks to the people who had been spending all these days with us, trying their best to make our stay here not only the most efficient but also comfortable and enjoyable. I was impressed by the friendliness and hospitality of the Polish colleagues we met.

I believe such schools organised for administrative and teaching staff, as well as for students from Ukraine, are very helpful for developing close relations between UAM and Universities in Ukraine.”

~ **Olena Lymarenko, Odessa I.I.Mechnikov National University**

**The summer school "Educational Management and Creating New Study Offer" was an unforgettable educational and intercultural experience, which will result in close cooperation between Ukrainian universities Adam Mickiewicz University, Poznań and European University Viadrina.**
