¹ If a candidate demonstrates other forms of scientific activity than those included in the above list, the score will be awarded based on the agreement of all members of the selection committee.

² A scientific publication is: a scientific article, a scientific monograph, a chapter in a scientific monograph. A scientific article is a peer-reviewed article published in a scientific journal or in the peer-reviewed materials of an international scientific conference: presenting a specific scientific issue in an original and creative, problem-oriented or cross-cutting manner; annotated with footnotes, bibliography or other scientific apparatus appropriate to the discipline. A scientific article is also a review article published in a scientific journal included in the list of journals. The following is not a scientific article: editorial, abstract, extended abstract, letter, errata and editorial note. A scientific monograph is a peer-reviewed book publication: presenting a specific scientific issue in an original and creative manner; accompanied by footnotes, a bibliography or other scientific apparatus appropriate to the discipline
A scholarly monograph is also: a peer-reviewed and annotated, bibliographed or other scholarly apparatus appropriate to a given scientific discipline translation into Polish of a work of significance to science or culture, or into another modern language of a work of significance to science or culture, published in Polish; a scholarly edition of source texts (Source: PBN).

³ Please indicate sources of funding for research grants

⁴ Please indicate the scope of the conference: local, national, international

Other achievements (points awarded for up to three documented achievements):⁵	max 5 points
• Activity linked to the profile of scientific and research interests	0 - 2 points
• Outreach activity aimed at popularizing scientific knowledge	0 - 2 points
• Activity in organizations and institutions acting for the social good	0 - 1 point
