| Part 2 |   |  |  |  |   |
| Part 3 |   |  |  |  |   |

## Note

- All classes are conducted in English through zoom
- After checking applicants' camera status and simple English skills through online Zoom, whether their program participation is confirmed. It's not a test or a difficult interview but a simple online meeting that takes about 1 to 2 minutes for each individual.
- If you want to present your country and culture, please apply as a presenter later in the Culture Day section

## Staff of Partner University

- ♣ After you recommend the student, we will directly contact your students for the next steps and respond to inquiries related to the program. If you have more applicants than a designated number, you may also add additional candidates. You may provide their information on the form, and we will contact you and the candidate(s) if a space opens in late December.
- ♣ Students who can understand classes in English, are interested in the Korean language and culture, and are willing to participate in a two-week program actively are welcome.
- ♣ Please refrain from nominating junior and senior students majoring in Korean, as our program's Korean language class is for beginners who hardly know Korean.
- ♣ Those who have previously studied at Kangwon National University with a KNU student ID number or will study for the next semester cannot be nominated.

## Applicants (Students)

We're excited to welcome those of you who are interested in South Korea and its culture. Joining this program will be an excellent opportunity to learn more about Korea and communicate with international students through a Korean language class, special lectures, and cultural exchanges with participants from other nations.

Join us for a wonderful experience! Please read the program leaflet and note below before applying to your home university.

♠ You must be nominated by your home university to receive an email from KNU about an online interview in early December. After a brief interview at ZOOM, only students confirmed to participate in the program will receive a second guide email for the next step.

### ♠ Note

- Please double-check the personal information you provide to your home university (i.e., the spelling of your name in English, date of birth, email, etc.) and ensure there are no typos since that information will appear on a transcript.
- The Korean language class is for beginners who hardly know Korean, so unfortunately, if you are majoring in Korean over three years or are at a pre-intermediate level or above, this program will not be suitable for you.
- Please check that personal schedules, school classes, and exams do not conflict with the two-week program.

♠ You can share about yourself and communicate with other students by joining the following optional events. More information will be provided again in mid-December.

- 1-minute video for the Opening / Closing ceremony of the program
- Culture Day (15-minute presentation about your country through PowerPoint)

♠ A transcript will be issued only when you have attended at least 80% of all classes, and KNU will officially send it to your home university, not to each student individually. You will not be eligible for a transcript if you are absent more than three days out of 10. There are no exams; the result will be pass or fail, not a grade.
