"Hello! My name is Sherenok Iryna, I am a student of Sumy Makarenko State Pedagogical University. During March 5-11, I participated in the International Summer School "History and the State. European heritage in public discourse.

To be honest, I could not even dream of such an opportunity. If someone had told me that one day I would go to exchange students abroad, I would probably have laughed and would not have believed it. After all, I could not be so lucky. However, thanks to the cooperation of our two universities, everything became possible.

I have only positive impressions, emotions and memories from this event. Thanks to you, new horizons for further scientific activity opened up for me, I got to know students of my history faculty, students of Ostroh Academy and Adam Mickiewicz University, found new friends, learned a lot of new interesting information, took part in interesting discussions, shared cultural traditions, many of our students, including me, were abroad for the first time, and I also had the opportunity to forget about everything for at least a week and live a normal, peaceful life.

The stay at the International Summer School was fabulous, interesting and full of positive emotions. We were very warmly received, you did everything to make our stay as comfortable as possible, together with the students of UAM we had fun: we arranged an evening of Ukrainian cuisine, celebrated International Women's Day, attended a dance class, played billiards, sang, talked a lot, arranged gatherings by the fire and just having fun. Also, UAM students gave us an interesting tour of the university, the "Enigma" encryption museum, and Poznań.

This is truly an invaluable experience. I am extremely grateful to Adam Mickiewicz University for the opportunity, hospitality, support and excellent organization of this event!

I also add photos taken during my stay at the Summer School to my review."
