ADAM MICKIEWICZ
UNIVERSITY
POZNAŃ

“I’ve truly enjoyed my time spent in this School and everyone else who was a part of it. It’s rare to find such sincere, pleasant and highly professional people in one place. Without any doubt I enjoyed listening to all the lectures that were presented to us, asking questions and receiving answers from such a positive, inspiring team of people. I will remember that information and definitely use it in my work.

Another great opportunity was to be at Adam Mickiewicz University, see how some studying was going and take part in them. Also, I really rejoiced that I’ve visited a lot of new places in Poznan, took memorable pictures and had fun.

I’m particularly grateful for such a chance and your support.”

~Kateryna Sheremeta, National Technical University of Ukraine "Igor Sikorsky Kyiv Polytechnic Institute

“First of all, I want to sincerely thank you for the invitation. You gave me the opportunity to relax for a week in a different environment and plunge into the customs and culture of another country, practice the language and forget the sounds of sirens for a while.

I would like to thank the teachers for interesting and informative seminars, exciting discussions and new knowledge. It was interesting to learn both about multilinguistics and English proverbs, to compare them with Polish, and Ukrainian ones. I was impressed by your laboratories at the university, as well as experiments, especially those that were carried out on the human brain.

I want to thank you for the warm welcome at the Adam Mickiewicz University!”

~Anastasiia Tatarina, Alfred Nobel University

The summer school "Multilingualism research and language learning perspectives" was an unforgettable educational and intercultural experience, which will result in close cooperation between Ukrainian universities and the Adam Mickiewicz University, Poznań.
