

**Scientific discipline:**  
**History**

DIPLOMA GRADE	
<b>In this category the candidate may receive maximum 3 points</b>	
In the absence of a diploma grade, the average grade from the course of study is taken into account.	
“very good” or equivalent grade	3 points
“good plus” or equivalent grade	2 points
“good” or equivalent grade	1 point
applicants seeking admission on the basis of the highest quality scientific achievements (e.g. leading a project under the “Pearls of Science” programme)	3 points

SCIENTIFIC ACHIEVEMENTS <sup>2,3</sup>		
<b>A maximum of 3 documented achievements will be evaluated</b> <b>The candidate may receive up to 22 points in total</b>		
N.1	Author of a scientific monograph or source edition published by a publishing house included in the current version of the ministerial list of publishing houses	10 points
N.2	Author of a peer-reviewed scientific monograph or peer-reviewed source edition published by a publishing house not included in the current version of the ministerial list of publishing houses	8 points
N.3	Editor of a scientific monograph published by a publishing house included in the current version of the ministerial list of publishing houses, or editor of a peer-reviewed scientific monograph published by a publishing house not included in the current version of the ministerial list of publishing houses	6 points
N.4	Author of an article published in a journal included in the current version of the ministerial list of scientific journals and peer-reviewed materials from international conferences <sup>4</sup>	6 points
N.5	Author of a peer-reviewed article published in a scientific journal not included in the current version of the ministerial list of scientific journals and peer-reviewed materials from international conferences <sup>3</sup>	5 points

**IMPORTANT**

<sup>2</sup> In the evaluation of a candidate's scientific achievements, publications accepted for publication after receiving positive reviews may also be considered, provided the candidate submits a written certificate from an authorized person (such as the president, director, editor, or secretary of the publishing house; editor or secretary of the editorial board of the journal; or editor of the collective work). The candidate must also send a PDF file of the publication as accepted for publication to the email address of the Secretary of the Recruitment Committee. This rule does not apply to popular science publications.

<sup>3</sup> If the candidate is not the sole author or editor of the publication, the score will be reduced by half.

<sup>4</sup> Reviews and other texts that are not articles (e.g. conference reports) will be scored at half the number of points for an article.

N.6	Author of a peer-reviewed chapter in a scientific monograph	5 points
N.7	Author of a concise popular science publication	3 points
N.8	Author of a popular science article published in a journal or on a website, excluding social media posts	2 points
N.9	Author of a chapter in a popular science monograph	2 points
N.10	Receipt of an award or distinction in a competition for the best bachelor's or master's thesis	10 points
N.11	Implementation of the candidate's own research project financed from external funds (e.g. Diamond Grant, Pearls of Science, and others)	10 points
N.12	Implementation of the candidate's own research project financed from university funds (e.g. ID-UB and others)	5 points
N.13	Participation as a team member in completed or ongoing NCN, NPRH, or other grant-funded projects	5 points
N.14	Delivery of a paper at an international conference	3 points
N.15	Presentation of a poster at an international conference	2 points
N.16	Delivery of a paper at a national conference	2 points
N.17	Presentation of a poster at a national conference	1 point

OTHER ACTIVITIES OF THE CANDIDATE <sup>5</sup>		
<b>A maximum of 3 documented achievements of the candidate are evaluated</b>		
<b>The candidate may receive a total of no more than 5 points</b>		
I.1	International scholarship	5 points
I.2	National scholarship	4 points
I.3	Regional scholarship	3 points
I.4	Participation in the organisation of an international conference	2 points
I.5	Participation in the organisation of a national conference	1 point
I.7	Activity in a student research club for at least two years (only activity in one research club is taken into account)	2 points
I.9	Participation in organisational projects of the University or its units, as well as in projects of scientific and cultural institutions and organisations outside the University	2 points
I.10	Membership in scientific and cultural or educational associations	2 points

<sup>5</sup> Certificates confirming the activity or achievements of candidates must not be subject to a conflict of interest, e.g. they must not be issued by persons related to the candidate.

I.11	Second major studies	2 points
I.12	Internships or long-term study stays abroad or in Poland during studies (e.g. under the Erasmus, MOST, or other programmes)	5 points
I.13	Participation in a language course	1 point
	Translation of scientific or popular science texts	1 point

### RESEARCH PROJECT

**The candidate may receive a maximum of 20 points**

Ability to formulate the research objective and present the research problem:	0 – 4 points
Originality of the research idea and selection of appropriate problem-solving methods:	0 – 4 points
Methodology appropriate to the chosen discipline	0 – 3 points
Knowledge of existing research, supported by a basic bibliography:	0 – 3 points
Significance of the project for the development of the chosen discipline	0 – 3 points
Risk analysis of research tasks	0 – 3 points

### INTERVIEW

**The interview may last up to 30 minutes**

**The candidate may receive a maximum of 50 points**

Knowledge and competencies appropriate to the chosen disciplines	0 – 35 points
Elements of research methodology appropriate to the chosen discipline	0 – 15 points
