9. Insurance

The following 2 types of insurance are mandatory for all Exchange students at KUIS.

You will be introduced to the details of the insurances during the orientation period.

a) National Health Insurance (NHI)

All international students staying in Japan for more than 3 months are required to enroll in NHI.

NHI covers 70% of the medical expenses at a clinic or hospital for medical treatment (except cosmetic surgery etc.).

The premium can be paid in cash at a local convenience store. The premium is charged monthly and is expected to be JPY 18,000 per year in total.

b) Inbound Insurance (Liability insurance)

Insurance payments will be made to cover the medical fees that will not be covered in a), and if a student is legally liable for damages when others are injured or the possessions of others are damaged. It also includes out-of-court settlement negotiation service. The premium will be approx. JPY 10,000 for one semester and approx. 14,000 for two semesters.

*As the above insurances do NOT cover the periods of traveling between their home country and Japan or rescue expenses, having private overseas travel insurance will protect you in the case of serious illness or injury while in Japan. Please purchase overseas travel insurance before departing from your home country. The travel insurance should be a comprehensive package that covers: accidental death, accident disability, death from illness, medical & rescuer's expenses, liability, household goods and personal belongings, repatriation of remains, emergency travel expenses, etc.

10. Housing

Exchange students can stay in a dormitory or an apartment. Student Services Division will assist the accepted students.

For more details, please find information from the Ministry of Health, Labour and Welfare:

<https://www.mhlw.go.jp/english/policy/health-medical/pharmaceuticals/01.html>

2. KUIS may not be able to provide the same level of learning support; the support is in accordance with KUIS's policy.
