Member of the Greater Poland Voivodeship Board supervising the following departments: health, education and science, and the work of the Regional Social Policy Centre in Poznań. Politician, trainer, and entrepreneur with 25 years of professional experience in the public and private sectors. Promoter of social economy and ambassador of the local government brand "Klunkers".

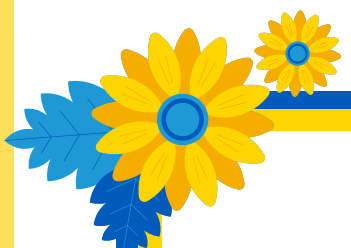

Prof.

## Artur E. Stefankiewicz

Head of the Priority Research Area: Chemistry and Materials Engineering at AMU and Deputy Director at the AMU Centre for Advanced Technology. His main research topics include dynamic combinatorial chemistry, functional metallosupramolecular nanostructures, self-association and encapsulation, and metal-organic frameworks.

---

"Dear organisers, we would like to sincerely thank you for providing such an excellent opportunity for our university, operating in the east of Ukraine and working to strengthen Ukrainian-Polish cooperation for the past three years.

For us, this is an invaluable experience, as by joining this project, we could compete with the most progressive universities in Ukraine. Separately, we would like to thank the professional selection of the topic of each school, all of which were up-to-date.

We cannot forget to mention the professionalism of the summer school teachers, thanks to whom we expanded our knowledge of European education and science. Separately, we would like to give special recognition to the organisers of the schools' activities, among others, to Prof. Rafał Witkowski, the Vice-Rector for International Cooperation; to Prof. Rafał Dymczyk, and to the man who did an incredible organisation to bring the schools to life, Dr Kostiantyn Mazur.

We emphasise that what was crucial for us in the activities of these schools was the fact that the organisers gave us, a provincial university located in the city of Slavyansk in the Donetsk region, an opportunity and hope, confidence in our own strengths, an impetus for developing. "

**~ Dr. Olena Kolhan, kierownik Ukraińsko-Polskiego Międzynarodowego Centrum Edukacji i Nauki, Pełnomocnik Rektora**

**The summer school "Interdisciplinary Workshop Across Disciplines for Polish-Ukrainian Cooperation - EPICUR Alliance experiences in interdisciplinary education and research projects" was an unforgettable educational and intercultural experience, which will result in close cooperation between Ukrainian universities and Adam Mickiewicz University, Poznan.**
