---

Prof.

## Rafał Dymczyk

Head of the Interdisciplinary Humanities Research Unit. An avid traveller and lecturer in tourism subjects at Adam Mickiewicz University in Poznań. For many years, he worked as a tour guide on various continents.

---

PhD

## Kostiantyn Mazur

A Specialist at the International Relations Centre, associated with AMU since 2017. Privately passionate in organising trips to Iceland, Ukraine, Kazakhstan and the Balkans. Enthusiast of landscape and travel photography.

"We express our gratitude and sincere admiration to the Summer school organizers "Project Acquisition and Management" (April 23-29, 2023).

The Summer school topics are relevant and essential for modern Ukrainian universities. Separately, we thank all lecturers for their informative, professional lectures. Thank you for sharing your experience and your willingness to cooperate. Workshops were an essential component of the program, where we learned how to work in a team to create a project.

We especially want to thank you for the beautiful venue - Pałac w Dębinie, where we could abstract and devote time to learning and communication. Warm evenings, exchanges of experiences, and the school's friendly atmosphere were especially memorable.

This event is like a breath of fresh air for representatives of Ukrainian universities. We gained new knowledge, found new contacts for further cooperation, expanded our horizon of thoughts, and rested a little. Extremely grateful and always ready for cooperation."

**~Viktoriia Pankratova, Associate-Dean for International Relations,  
Academic and Research Institute of Law  
Sumy State University, Ukraine**

" I am writing to express my sincere gratitude for organizing the Summer School "Project Acquisition and Management." It was an excellent opportunity for me to expand my knowledge and skills in project management and I am grateful for the privilege of representing Igor Sikorsky KPI at this event.

The level of the lectures and workshop was exceptional, and I appreciated the interactive nature of the program. The opportunity to collaborate with other participants from diverse backgrounds and universities were truly enriching, and I have gained invaluable insights that will benefit future projects.

Thank you for the dedication and hard work that went into organizing this Summer School. The experience has been rewarding, and I look forward to applying the knowledge and skills acquired during the program to future endeavours.

Once again, thank you for providing me with this opportunity, and hope for fruitful cooperation in the future."

**~Dr. Angela V. Piatova, International Collaboration Department, National Technical  
University of Ukraine "Igor Sikorsky Kyiv Polytechnic Institute"**

"Now that some time has passed since our school, I feel the importance of this event growing every day. What you and your colleagues are doing for Ukraine is invaluable.

All the information received, the attitude of the host, the hospitality, the help, the general atmosphere, kindness, caring, and the exchange of knowledge and experience is still not a complete list of what I was able to experience during my stay in Debina.

Peace, relaxation, a combination of the useful and the pleasant, magnificent nature, hospitable hosts, palace rooms, breakfasts in the orangery bathed in sunshine and dinners in the light of exquisite chandeliers.

I brought with me a suitcase full of positivity and pleasant emotions and memories. With such support and such friends, Ukraine is simply destined to win!

Thank you and your University!

All the best to you and your dear ones!"

**~ Iryna Moroz, Lviv Polytechnic National University, excerpt from a letter sent to Dr Kostiantyn Mazur**

**The summer school "Project Acquisition and Management" was an unforgettable educational and intercultural experience, resulting in close cooperation between Ukrainian universities and Adam Mickiewicz University, Poznan.**
