## 8. Other Information

<b>Visa</b>	All exchange students must obtain Student Visa before entering Japan. Details can be found in the "Application Guide".
<b>Important Reminder from Former Students</b>	"It is important for all to recognize that Japanese language can be fairly different from other languages. When it comes to the character set, for instance, it will take about two to three weeks to be able to read and write all basic Japanese 100 characters (50 in both Hiragana and Katakana). In fact, most beginner-level students in the past not only felt that it takes a fair amount of time and effort but also recommended to notify all beginner level students to at least master those 100 characters before their arrival for their successful study abroad experience in Japan. Therefore, it is essential for all participants to MASTER (be able to read and write) all Hiragana and Katakana characters before the courses begin."
